INFORMATION FOR AUTHORS

The *Southern Brazilian Journal of Chemistry - SBJC* will publish review articles, original research papers and short communications dealing with chemistry and interdisciplinary areas such as materials science, biotechnology, bioengineering and other multidisciplinary fields.

Articles report the results of a complete study. They should include an *Abstract*, *Introduction* describing the known art in the field, *Experimental* or *Materials and Methods*, *Results and Discussion*, *Acknowledgments* (when appropriate) and *References*.

Short Communications should be limited to 1500 words, including the equivalent space for figures and/or tables and should include an *Abstract* and concise *Experimental*.

Manuscripts should be submitted in triplicate (original and two copies) and are received with the understanding that the original has not been submitted for publication elsewhere. It is implicit that all the persons listed as authors have given their approval for the submission of the paper and that permission has also been granted by the employer, when necessary.

Manuscripts must be written in American or British English, single spaced, on A 4 sheets (21 cm x 29.5 cm) and one side only and should be numbered beginning with the title page. Type must be 12 point or "pica". Dot matrix printer with less than 48 dots (240 dpi) is not acceptable. Margins of at least 3 cm should be left at the top and bottom and both sides of each page. The first page of the paper should contain only the title of the paper, the name(s) and address(es) of the author(s), an abstract of not more than 250 words and 4-8 keywords. We reserve the right to translate the abstract in Portuguese. Abstracts are required of all papers including reviews and short communications.

Figures and Tables with short explanatory titles, each on a separate sheet, should be adequate for direct reproduction and identified in pencil on the back of each page by Arabic numerals, corresponding to the order they appear in the manuscript.

References should be numbered in the sequence they appear in the text, cited by superior numbers and listed at the end of the paper in the reference section in the numerical order they appear in the text. The style for references is shown below:

1. L. G. Ionescu and D. S. Fung, *J. Chem. Soc. Faraday Trans. I*, 77, 2907-2912 (1981).
2. K. L. Mittal, Ed., *"Solution Chemistry Of Surfactants"*, Plenum Press, New York (1984), Vols. 1-3, pp. 1-2173.

IUPAC Rules should be used for the name of chemical compounds and preference should be given to SI units.

Additional information is available upon request.

Authors are invited to send manuscripts by registered air mail to the EDITOR - SBJC, C.P. 15032, Agronomia, Porto Alegre, RS, BRASIL 91501. Notice of receipt should be received within a maximum of one month.

SCIENCO **SOUTHERN BRAZILIAN JOURNAL** **OF CHEMISTRY**

ISSN 0104-5431

The *SOUTHERN BRAZILIAN JOURNAL OF CHEMISTRY - SCIENCO* publishes original research articles in chemistry and related interdisciplinary areas and is intended to fill a gap in terms of scientific information for Southern Brazil.

Occasionally the journal will include review papers and articles dealing with chemical education and philosophy and history of science. It will be published mainly in English, with abstracts in Portuguese and only occasional papers in other languages. At the present there are no page charges and the authors will receive twenty five reprints of their papers free of charge.

We have set high standards for the articles to be published by ensuring strong but fair refereeing by at least two reviewers. We hope that this journal will provide a forum for dissemination of high quality research in chemistry and related areas and are open to any questions and suggestions.
